

CITY OF ALMA PRESS RELEASE

Tracy Band Shelter Handicap Accessible Extension

This fall, the City of Alma Public Works crew constructed a handicap accessible extension from the new parking lot to the Tracy Band Shelter in Wright Park.

This project was funded by a grant from the GRATIOT COUNTY COMMUNITY FOUNDATION. Wright Park's Tracy Band Shelter has been improved to allow a balance of opportunities for individuals of all abilities.

The City of Alma Public Works crew also extended the City owned sidewalk entrance from North State Street to the Wright Park Parking Lot. This extended sidewalk completes the improvement of accessibility to the Tracy Band Shelter.
