Work Session began at 5:30 p.m.

Interim City Manager Schooley informed the Commissioners of the following items:

WELCOME TO NEW PUBLIC SERVICES DIRECTOR
Our newly appointed Public Services Director Alan Leute officially began his duties on January 2nd. Alan has spent his first week diving right in getting to know staff and working on gaining an understanding of all phases of the Public Services Department. I have received nothing but positive feedback from personnel all week. We all are look forward to working alongside Alan here at the city. We hope we didn’t overwhelm him in his first week!

VICIOUS DOG ORDINANCE UPDATE
Public Safety Director Williams will be presenting information on the vicious dog ordinance at the January 23rd meeting. The media has made some inquiries as to the status of the ordinance and I wanted to make you aware that we do have plans to bring you information at that time. I have had contact with Madison Amlotte who was one of the students that presented at the commission meeting in November and advised her of the reporting on the 23rd.

GOAL SETTING SESSION
Just a reminder that the goal setting session is scheduled for January 22nd at 5:30 pm at the Alma Public Library. Please contact me if you have any questions on the packet that was sent out last week.

POVERTY EXEMPTION RESOLUTIONS
As discussed at the work session prior to the December 21st meeting, the commission will be presented with two resolutions at the January 9th meeting in reference to Poverty Exemptions. Attached are copies of the 2 resolutions and the memo from Assessor Kathy Roslund dated 12-15-18 that explains the local governing body's responsibility in determining the amount allowed utilizing the poverty asset test:

In order to determine a taxpayer’s eligibility for poverty exemption guidelines, PA 390 of 1994 states that the poverty exemption guidelines established by the governing body of the local assessing unit shall also include an asset level test. An asset test means the amount of cash, fixed assets or other property that could be used, or converted to cash for use in the payment of property taxes for the year the property exemption claim was filed. The asset test should calculate a maximum amount permitted and all other assets above that amount should be considered as available. The determination of the amount of the asset level test is left to the discretion of the local assessing unit.

The first resolution is to set the Maximum Asset Standards to be Eligible for a Poverty Exemption. The attached resolution is just an example. The commission needs to determine the amount. It is the recommendation of staff that we utilize the combined assets of the total household in our standard.

The second resolution is the actual Resolution for Poverty Exemption. The determined amount of the Maximum Asset Standards to be Eligible for a Poverty Exemption shall be inserted into section 3.

COMPREHENSIVE ANNUAL FINANCIAL REPORT
Ali Barnes, Yeo and Yeo, presented the FY2017 Comprehensive Annual Financial Report (CAFR) during the work session. Cynthia Michels and her staff did an outstanding job in preparing all of the documents for the audit. The audit shows that the General Fund compared to cash and investments is at 76.6%. Water, wastewater and refuse
funds are in good shape. Internal controls that need to be worked on are Journal Entries and Federal Written procedures. Communication between management and accounting staff is improving. There are a few old outstanding receivables that need to be addressed, possibly they should be written off. Ms. Barnes thanked the Commissioners for their attention to this report.

City Attorney Costanzo informed the Commission that his research on the request for a Zoning change presented to the Planning Commission was done correctly.

Resolution Declared Adopted.
Motion by Commissioner Allman as supported by Commissioner Piccolo to adopt the Amendment to Section 23.

Water Policies of the City of Alma Municipal Policy, **Section 23.1 Frozen lines:**

When determined by the Water Department that weather conditions present the possibility of frozen water service lines, a *Notice to Run Water* will be issued. The property owner/resident will be directed to run water at a pencil stream (a stream of water the diameter of a pencil) at one faucet within the home on a continuous basis until a *Notice of Discontinuance* is issued.

The City is responsible for frozen service lines from the water main to the curb shut off unless the property owner has been issued a *Notice to Run Water*. The property owner is responsible for all costs incurred to thaw and/or repair the service line including the City’s portion, should it freeze after a *Notice to Run Water* is issued.

In the case of a frozen water service prior to the issuance of a *Notice to Run Water*, if water is available at the curb shut off valve, the property owner is responsible for all costs incurred to thaw and/or repair the service line. The property owner must arrange to thaw and/or repair the line as soon as possible to prevent freezing of the City’s portion of the service line. If water is not available at the shut off, the City will be responsible for thawing of the entire service line.

Following similar criteria, the property owner is also responsible for the repair or replacement of water meters caused from freezing conditions. Property owners are responsible to protect meters from damage and provide an adequate environment for the water meter.

Once a *Notice to Run Water* has been issued, the property owner will be charged a monthly rate equal to their average water usage for October, November and December of the previous year, or actual usage, whichever is less, for water and/or sewer service until a *Notice of Discontinuance to Run Water* is issued by the Water Department. No allowances are made for water usage between adjacent properties. When water is unavailable to a customer due to the City’s responsibility, the water and/or sewer service bill will be reduced proportionally based upon the length of time service was not available (including readiness to serve).

All notices and bills for services provided herein will be sent to the property owner of record.
